Smt. NPS Govt. College for Women, Chittoor
Department of Computer Science and Applications
Neighborhood Extension Programme – 2021 - 2022

Name of the activity : Role and benefits of Internet
Date : 14-10-2022
Venue : RK Degree College, Chittoor
No. Of students participated : 25

OBJECTIVES:

- To aware the benefits of internet
- Opportunities of Internet
- Search for new courses and jobs
- Search study materials and download them

Activity report

The internet is a place of unique opportunities for everyone. It is a place where ideas from all around the world are embodied on one single platform. It has become the source of many new researches and the mean of connecting from people all around the world. Not only does it connect people to socially interact it is the place where teachers, students, scholar and scientist's interact with each other through their input on all subjects and get to learn from each other. How the internet today has helped the students is not limited to one sector. It has proved to be a partner for all the technological advances similarly it play an equally important role in helping students.

Benefits of Internet:

- 1. Online distance based Education Programs:** On internet you can easily find many rare and quality books. Therefore, Internet is the best online study platform.
- 2. Internet has made the Research Easy:** with a single click of mouse, a researcher is able to draw dozens of conclusions. Therefore, Internet is the main reason behind fast progress in education and the research field.
- 3. Counselling and Education Assessment:** he students can easily find the solutions of their problems online. They can easily connect with professional of related subjects from anywhere in the world. Career guidelines, and educational assistance has become quite easier.
- 4. Connectivity and Group Study:** here are thousands of study groups online where students can interact with each other freely. Students can share study

resources online and join debates, discussion and chit chat for study and interaction purposes.

5. The Cost of Education has been Reduced: the cost of education has dramatically decreased. Due to instant connectivity, the spread of education has become quite easy.

6. Improved Monitoring & Evaluation for better Educational Standards: Regular monitoring and evaluation is the key element of educational Institutes. Previously, it was quite hard for the Governments and big educational Institutes to assess the impacts of policies and programs to the grass root level.

Not only these things, they can search for best college in India or throughout the World, apply online, search for job through internet, can prepare resume professionally, learn communication skills many more

Outcomes:

- Students can able to understand the uses of internet
- Students can able to prepare their resumes professionally by using various apps
- Students can able to search for education or job
- Students can able to search for course material and download those materials

Smt. NPS Govt. College for Women, Chittoor
DEPARTMENT OF ENGLISH
Academic Extension Programme

Name of the activity : Awareness on English Diction Usage

Date : 12/09/2022

Venue : Sree Chaitanya Techno School, Chittoor

No. Of students participated : 40

OBJECTIVES:

To develop the ability to identify and produce English key sounds.

To master the basic rhythm, stress and Intonation patterns in Context.

To increase self confidence in the way the students speak

To develop speech monitoring abilities.

Activity report

As the English language is a foreign / alien language, the Indian students while using the English language especially while speaking the language commit errors i.e., the students mispronounce or wrongly pronounce the English words.

It's not the fault of the Indian students because, a majority of the students are from the rural background and they may not be exposed to what is good pronunciation and what is bad pronunciation?

On 12th September, 2022, Sree Chaitanya Techno School, Chittoor organized a Guest lecture on English Diction/Pronunciation to create some awareness among their students to speak the English language in the Intelligible / acceptable way (Received Pronunciation). Around 45 students of Tenth standard along with some of their teachers attended the programme. Dr.B.Thirukumaran , Assistant Professor of English, Smt.N.P.Savithramma Govt Degree College, Chittoor was invited to give a lecture on the Subject. He spoke about some of the fundamental concepts of the English language and gave some easy tips to improve the Diction / Pronunciation

Out Come:

1. The students were taught to listen carefully and consciously.
2. Learn with best Pronunciation dictionaries.
3. Observe the Diction of native speakers.
4. Practice with Tongue twisters.
5. Speak as much as they can in the English language.
6. Practise regularly.

Name of the activity : Awareness on Greatness of Freedom Fighters
Date : 06/09/2022
Venue : Greampet - Chittoor
No. Of students participated: 22

OBJECTIVES:

To Aware the Sacrifices of freedom fighters at the time of freedom movement
To discuss the Qualities of freedom fighters which we can follow
To inspire the people to know morals from the life stories of freedom fighters

Activity report

India got independence 75 years ago. Still some people in the society had no awareness on our freedom fighters sacrifices. This is very important to know about their qualities life styles and sacrifices because these are Indian heritage values which praise the Indian culture in the world. People will inspire the Morals and ethics followed by our national leaders. In day today life we have no time to remember all these things. Hence as History students, they have the responsibility to aware the people in the society about the greatness of freedom fighters. Students also discuss with the people and interact with them, This improves the communication skills in the students.

This type of community extension activities will definitely helpful to the students as well as the people in the society

Date of event	28-7-2022
Name and type of event	Observation of “World Hepatitis day” -2022 Online Quiz programme on Hepatitis
Number of participants	100
Name &Address of the resource person/Programme coordinator	Dr.K.Ushasri, Assistant Professor, Department of Microbiology NPS Govt (W),College, Chittoor

Introduction

World Hepatitis Day, 28 July, is an opportunity to step up national and international efforts on hepatitis, encourage actions and engagement by individuals, partners and the public and highlight the need for a greater global response. The date of 28 July was chosen because it is the birthday of Nobel-prize winning scientist Dr Baruch Blumberg, who discovered hepatitis B virus (HBV) and developed a diagnostic test and vaccine for the virus. This new outbreak brings focus on thousands of acute viral hepatitis infections that occur among children, adolescents and adults every year. Most acute hepatitis infections cause mild disease and even go undetected. Global efforts prioritize the elimination of the hepatitis infections B, C and D infections. Unlike acute viral hepatitis, these 3 infections cause chronic hepatitis that lasts for several decades and culminate in over 1 million deaths per year from cirrhosis and liver cancer. These 3 types of chronic hepatitis infections are responsible for over 95% of hepatitis deaths. While we have the guidance and tools to diagnose, treat, and prevent chronic viral hepatitis, these services are often out of reach of communities and are sometimes only available at centralized/specialized hospitals. On World Hepatitis Day 2022, WHO is highlighting the need for bringing hepatitis care closer to the primary health facilities and communities so that people have better access to treatment and care, no matter what type of hepatitis they may have.

Objectives:

1. To create awareness on hepatitis among the people
2. To understand the Vaccines for hepatitis prevention

Activity report :

The Department of Microbiology and Zoology organized “World Hepatitis Day on 28 July, to raise awareness of viral hepatitis among the Public , students and staff. Invited the neighbourhood college students to take part in online quiz to create awareness on hepatitis. The world is currently facing a new outbreak of unexplained acute hepatitis infections affecting children. WHO, together with scientists and policymakers in affected countries, are working to understand the cause of this infection that does not appear to belong to any of the known 5 types of hepatitis viruses: A, B, C, D, and E. Principal Dr Manohar Addressed the gathering and briefed about the history of Hepatitis. Sri R. Anand, HOD of Zoology spoke on Statistical Data of Hepatitis , Dr. K. Ushasri HOD of Microbiology stressed the preventive measures, Smt N. Sravani, Lecturer of Microbiology Explained the mode of transmission. An Online quiz is Conducted on this occasion. students enthusiastically took the quiz and shared their experience All the participants actively participated in the interaction session. I, II Prizes were distributed to the winners.

Dr.K. Manohar Principal addressing the gathering

Online QUIZ - I Prize winner Ms A. Dileep Rani, II B.Sc. (MZC)

Online Quiz - II Prize Winner Ms M. Sharoon Priyadarshini, II B.Sc (MZC)

Outcomes:

1. Participants were aware of Hepatitis Diseases
2. Participants tested their awareness on hepatitis by participating in Online quiz.

Name of the activity : **National Science Day Celebrations**

Date : 28/02/2022

Venue : Smt. NPS Govt. College for Women, Chittoor.

Topic : Poster presentation on Role of chemists in covid pandemics

No. Of students participated : 36

Objective:

- To Aware the Students to know the importance of Science Day To discuss Some of Applications of are involve Science Day d in our real life.
- To inspire the people to become Science Day

Brief report on Activity:

To mark the discovery of the Raman Effect By Sir C. V.Raman and importance of science in daily life and during covid pandemic, in this connection Chemistry dept. was organized Poster presentation on Role of chemists in covid pandemics. Students delivered speeches Highlighting the importance of celebrating this day and also talked about the significant contribution made by the Chemists During pandemic and for drug and vaccine invention.

OUTCOMES:

- Students improve the easy techniques to solve the problems.
- Students get Knowledge using simple Chemistry in daily life.
- Students able to know the real style of chemistry in simple way.

DEPARTMENT OF MICROBIOLOGY

Name of the activity: celebration of "The National science day"

Date : 28-02-2022

No of Participants : 70

To inculcate scientific temper among the students observed The National science with this year theme "Integrated approach in Science and technology for sustainable future"

Programme highlights:

All the Science departments Microbiology, Zoology and Chemistry, grandly celebrated the "National Science Day" "by remembering the contribution of sir C.V. Raman to the field of physics. All the three departments conducted Various competitions with Power point presentation, Poster presentation and Elocution competitions on various topics. The Department of Microbiology conducted a competition on "Role of Microbiology during covid Pandemic 19" "with power point presentation. Students participated in the programme very enthusiastically. Dr. K. Usha Sri, Head of the Department of Microbiology addressed the gathering on how the Advances in the microbiology field helped the society from the Covid pandemic situation. Dr.R. Anand, Head of the Department of zoology and Smt. P. Surekha lecturer in chemistry acted as judges for the competition. Prizes were distributed to the winner by Dr. Manohar, Principal and Dr Narendra, Vice Principal of the college. All other science faculty attended the programme.

Outcome of the programme:

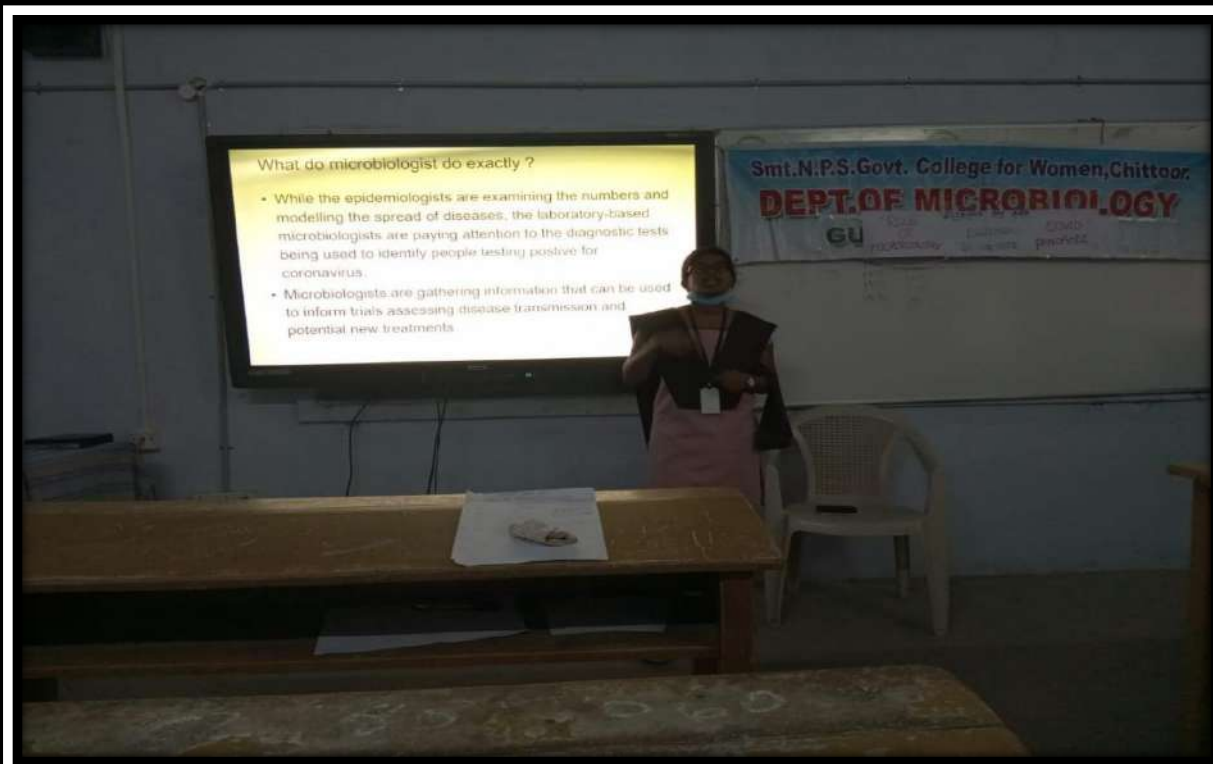

Students got inspired by listening to the theme of the science day and scientific contributions to the humanity. Students came forward to speak on this occasion to share their knowledge.

DEPT. OF POLITICAL SCIENCE
Neighborhood Extension Programme

Name of the activity : Awareness on Self Help Groups
Date : 21/02/2022
Venue : Ootacheruvu, Chittoor
No. Of students participated : 16

OBJECTIVES:

To aware on SHGs
To discuss on SHGs benefits
To inspire the people to join and form the SHGs

ACTIVITY REPORT

Self-Help Groups commonly abbreviated SHGs is a committee usually composed of 12 to 25 local women between the ages of 18 and 50. Most self-help groups are found in India, especially in South Asia and Southeast Asia. A SHG is generally a group of people who work on daily wages who form union. Money is collected from those who are able to donate and given to members in need.

Members may also make small regular savings contributions over a few months until there is enough money in the group to begin lending. Funds may be lent back to the members or to others in the village for any purpose. In India, many SHGs are linked with banks for the delivery of micro-credit. So the students of NPS College inspire the people with their simple words to follow the traditions and maintain the values in the society.

OUT COMES:

- Students able to aware that a poor gains strength as part of a group.
- Student's able to aware of empowered poor people, especially women, in rural areas.
- SHGs have helped immensely in reducing the influence of informal lenders in rural areas.
- Many big corporate houses are also promoting SHGs at many places in India.
- SHGs help borrowers overcome the problem of lack of collateral. Women can discuss their problem and find solutions for it.

Address of the Place visited	Visit to Leprosy Centre, Prasant Nagar, Chittoor

Social service: An activity which poromote the welfare of others or nearby people is “ Social Service”.

Department of Telugu,s staff along with students visited “Leprosy Centre” located in Prasanth Nagar, Chittoor on 06.07.2022and talked with people who are suffering with Leprosy diseased. They shared their experiences, treatment of public towards their problem. Students spent a fruitful of time with them and served food to them they felt very happy. Our students entertained them with songs, jokes etc.,

Out comes:

- *By visiting the Leprosy centre our students listened the problems like forced to leave their homes, behavior of people etc., felt sorry about them
- *Society is degrading and debasing attitude towards Leprosy affected people
- *Our students are aware of leprosy and they spent their time without hesitation and doubt
