

SMT.N.P.S GOVT DEGREE COLLEGE(W)
(Affiliated to S.V.University)
Reaccredited by NAAC with 'A'
Greampet, Vellore Road, CHITTOOR-517 002, ANDHRA
PRADESH.

7.1.3 The facilities in the Institution for the management of the following types of degradable and non-degradable waste:

Solid waste management

Our college has taken significant strides toward environmental sustainability by implementing an effective waste management system and promoting a plastic-free environment under the guidance of the NSS Unit and the Eco Club. As part of this initiative, the college actively encourages students and staff to adopt eco-friendly practices, such as reducing plastic usage, proper waste segregation, and recycling. Regular awareness programs, campaigns, and workshops are organized to educate the college community about the adverse effects of plastic pollution and the importance of sustainable living. The campus is maintained as a green and plastic-free zone, with strict policies discouraging the use of single-use plastics. Eco-friendly alternatives such as cloth bags, reusable bottles, and biodegradable materials are promoted among students and staff. Dustbins are strategically placed to ensure proper waste disposal, with separate bins for biodegradable and non-biodegradable waste.
